### **Fringe programme**

An integral part of Interlight Moscow powered by Light + Building is its comprehensive fringe programme aimed to develop two key areas - lighting (Light) and automation (Building).

Over four days visitors also gained theoretical and practical knowledge in open educational venues: Electrical Engineering Academy, Interlight Design Academy and TechTalk Forum.

The best representatives of lighting design and architectural community delivered various lectures in the context of an open educational venue Interlight Design Academy. The annual competition "Russian lighting design" is attracting more and more attention and greater participation of lighting designers. The unique trend-zone "Lighting Cube" became an essential point of the Decorative Lighting Pavilion, demonstrating more than 50 modern trends in lighting design.

The open educational venue "Electrical Engineering Academy" brought together activities dedicated to the topic "Electrical Engineering". A four-day program conducted a series of lectures, seminars and workshops from representatives of companies, implementing large projects. Strategic Partner of the venue is - IEK GROUP.

Intersec Forum Russia launched its activity on the basis of Interlight Moscow powered by Light + Building. Andrey Chibis, Deputy Minister of construction, housing and public utilities of the Russian Federation welcomed Intersec Forum's participants and pointed out: "this platform allows key market players to present their developments and achievements, as well as to share their experience".

For the 12th time LED Forum opened its doors to reveal the prospects for LED-based technologies. Within one of the forum's session frameworks - "Lighting in agricultural sector: hothouses" - was signed a memorandum of cooperation between Panasonic Russia and Moscow Timiryazev Agricultural Academy.

In the context of Interlight Moscow 2018 also were held numerous industry events: Russian Association of Electrotechnical Companies (RAEC) Forum, Scientific Technical Council of Russian Lighting Industry, private meeting of International Commission on Illumination (CIE), Ethical business charter in the lighting market. Additionally the opening of the All-Russian youth forum "Smart City" in partnership with National University of Science and Technology NITU "MISiS" took place.

Interlight Moscow is evolving its lighting part and strengthening the section of building automation and security systems while its fringe programme forms the proper theoretical basis.

Moscow,

25th anniversary edition of Interlight Moscow will be conducted at traditional venue - IEC Expocentre from 10 to 13 September 2019.
